## A'van folding camper owners...

.....Got together in March 1999 following a mail-out to all known A'van owners around Australia. The response was overwhelming!

It was obvious that "A'vanners" all over the country not only loved their vans, but realised they had something quite unique - judging by the interest they created wherever they went!

It also became obvious that because of the **unique A-shaped design** of their A'van folding camper, owners wanted to be able to share experiences, pass on hints and tips and get to know other A'van folding camper owners around our great land.

Only two months after the initial mail-out the A'van Club of Australia was formalised.

We look forward to welcoming you to the A'van family of more than 1150 members (about 2200 people) in all states of Australia

Updated Nov. 2011

## Main purpose of the Club is to...

- \* Share ideas of common and mutual benefit;
- \* Encourage co-operation and friendship amongst people interested in **A-shaped A'van folding campers**;
- \* Collaborate with other similar clubs and organisations;
- \* Provide and publish from funds a newsletter - "The A'vanner"
